JUNE 2014

Hello All

I wonder how your year has been so far... If you have had challenges both on a personal and/or professional level, I feel you and feel for you! Just pray my friends. The miracles we need daily are only that one prayer away.

### Down to Business (Do we really have to☺?)

#### 1. We care 4 U

Our Training Seminars have been very popular in the past. This year we are running a 2 day Accounting Seminar for Educators new to the Learning Area. The details are attached. It will be so nice to meet you and if you are a returning delegate, to catch up. I promise we'll have fun and take great care of you the Wamark way.

#### 2. Orders 2014/2015

Our latest order form is downloadable from the website [www.wamark.co.za](http://www.wamark.co.za). Please note there are 2 separate order forms; one for the EMS/Accounting Workbooks and another for the eBooks. Because we all need books to be delivered on time, we have to have our orders in by a cutoff date. See details on your order form.

#### 3. Early Settlement

We are offering you huge discounts on early settlement. Download the Discounts Form along with your order form.

#### 4. Giving Back 2 U

This year we are giving back R5 for every workbook/eBook that is purchased in the form of a Voucher. Please also see the Special Offer attached.

### Serving you

I am updating and editing the workbooks as every year. Wade is handling the sales. If you would like him to come and see you regarding the workbooks or to demonstrate the eBooks (THE BEST), please drop him a mail or give him a call. (Please leave a message if you can't get through... we don't always have the greatest reception) If you'd like to see/meet me too, it would be great to get out of the office.

I fondly think of you and end my letter off with a smile.

Yours Sincerely,

Yvette
