NEWSLETTER AUGUST 2010

Dear Educators and friends,

If you can't beat them... join them!

During our last Seminar in JHB we were given a fantastic idea of starting a facebook, I mean Facebook **Group** geared towards learner support (grades 8 and 9) with regards to EMS and accounting. This is a forum where learners can ask for assistance with anything they don't understand in EMS whether the school uses our material or not. You are also most welcome to follow the **Group** and give your input. Luckily Wade is a professional facebooker as I have been “challenged” in this department - so this should be interesting! All we need you to help us with is to:

1. create the awareness by notifying the learners of this service
2. and giving them the **Group** address which is...

“EMS 911- Wamark Publishers”

PASA (Publishers Association of South Africa)

Wamark Publishers are now proud members of the PASA. The EMS and Accounting workbooks are currently being translated and will also be available in Afrikaans as from 2011. This is to accommodate the dual medium schools of our country.

The new Curriculum and Assessment Policy

The new policy will be phased in 2012. We will keep abreast of developments and make the necessary changes/adjustments as required by the department without compromising our standard and quality of LTSM. You need not worry about changing your lesson plans, work schedules etc. as we will make sure that it is updated for you as in the past.

Entrepreneur of the year 2010

R 20 000, 00 in prizes to be won!!! Down load competition details and entry form from www.wamark.co.za I believe that the competition is fierce with learners and educators already working really hard to win the laptops!

Orders 2011

Please place your orders by the end of August 2010. Approximate learner numbers are sufficient. (We give refunds on excess stock).

Till next time... keep rocking☺

Yvette
