Dear, dear Educator,

I have so much to tell you and I wish we could do this over a cup of coffee/ tea in this setting;)

WAMARK Classroom.com

I have self published workbooks and gained invaluable experience over the past 13 years. As an Entrepreneur I have been thinking of ways to expand Wamark Publishers. I've always believed that Educators are the best people to write education books but they just don't have the time.

I came across a Canadian website where teachers upload their teaching aids and other teachers buy them. Bingo! So teachers don't have to write a whole book - bite-sized, tried and tested activities, tests, games etc. can be Sold and Royalties earned.

So, "Wamark Classroom" will be going live in December 2015 and we are looking for your One of a Kind Teaching Aid/s that are Genius! I have attached an Advert explaining more, as well as an Invitation to our Teacher/Author Information and Registration day in September. My dream is to grow Wamark Classroom to include All Learning Areas and Grades. So please, if you have friends who are also talented, please bring them along. If you are not able to make the day, I am happy to send you a Registration form via email.

Posters

I am working on EMS and Accounting Posters for Your Classrooms that are A2 in size (4 x A4), fully laminated and at an excellent price. They will also be Sold via Wamark Classroom. **See attached lucky draw form for details on how to win 5 Posters OR a Bissell Aero Vacuum Cleaner worth R500 for your classroom.**
