My fellow Little Engines

After a much needed break, I hope you are all on track and full of steam.

It is important for us to continually support you in your teaching experience, so....

Wamark Publishers has invested in a small recording studio and we are already in the process of producing EMS/ Accounting videos for you.

Our goal is to make the content of the Wamark Workbooks come

I am using my personal business experience to teach/demonstrate the business principles and interviewing interesting guests to give us insight into the economics topics.

We are publishing the first episodes on Youtube from term 4. I hope this resource will help both you and your learners. It is especially beneficial to those learners who require extra tuition or need to catch up.

Orders 2018

Thank you to our schools that have already ordered workbooks for next year.

If you haven't confirmed yet, may I ask that you please contact Wade as soon as possible? We have to forecast quantities for printing soon.

Together we can do this,

Yours always,

Yvette Gietl

Yes We Can!
