

Dear colleagues,

A hearty bonjour and welcome to our new educators and a thank you to all who have put their trust in us again for 2021.

Cheque Payments in current workbooks (English and Afrikaans)

Our grade 8 and 9 accountancy workbooks went to print before we were made aware of the discontinuation of cheques.

I have updated and sent you Term 1 of the accounting 8 and 9 workbooks by removing all cheque payments and replacing them with EFT. You should also have received links to the educator guides. If you need help downloading, please give Wade a call.

We will continue to update and send all the exercises for both grades 8 and 9 as the year progresses.
